

On behalf of Fresenius Kabi USA, please join us for a presentation on:

**Intravenous Lipid Emulsions**

**Presented by: Dr. Steve Plogsted  
Nationwide Children's Hospital**

**03/09/16, 6:30 PM CST  
Ruth's Chris Steak House  
107 West 6th Street  
Austin , TX**

The objectives for the presentation are to:

- Review the structure, function, and metabolism of lipids
- Discuss the essential fatty acids, their importance, diagnosis of deficiency, and guidelines to meet nutritional needs
- Describe the new generation of intravenous lipid emulsions (IVLE) available globally
- Discuss the role of IVLE in glucose management of the PN patient
- Review current publications discussing the impact of IVLE on patient outcomes

To reserve a seat for the presentation, please RSVP to Alec Carlos via email at [alec.carlos@fresenius-kabi.com](mailto:alec.carlos@fresenius-kabi.com) or phone at 224-360-9215.

We look forward to your participation!

Alec Carlos
